P O L Y - K R O M A

virtual exhibition

Welcome to the poly-kroma virtual exhibition.

The poly-kroma virtual exhibition is a 1GB downloadable file. It is an application.
Mac OS 10.13.6 or higher/Windows 10 required. Download the zipped folder
for your operating system and follow the steps below to enjoy our exhibition.

The application is not made by an Apple or Windows developer so a warning
may prevent immediate operation of the file. This is normal for software offered
outside the app store.

To start the exhibition with a Mac, right click on the executable file with the
poly-kroma logo. Select open from the three options. If it does not work the
first time, it should on the second try.

To start with a PC, double click the .exe file and give permission when Windows asks.

How to navigate:
Navigate the space using a combination of mouse and keyboard.

To Move:
W=Move Forward   A=Move Left   S= Move Backwards   D= Move Right.

Use Mouse to Interact/Navigate:
When mouse cursor becomes a "hand" you can interact with the artwork.

Clicking and dragging moves the view.

Close App:
Esc

Note: You can also use a game controller in

combination with mouse.
